WARRANTY PERIOD:		----	----	----	----	----	----	----
ACKNOWLEDGMENT ADDENDUM #1:		yes	yes	no	yes	yes	yes	yes
EXCEPTIONS:		none listed	none listed	All electronically controlled trans require all external engine sensors & solenoids to be operating correctly for the trans to operate correctly. If any engine sensor/solenoid has caused a trans to not operate correctly, damages to a warranted trans are not covered & diagnostic time to determine the external problem will be charged at \$40.per hr. All rebuilt trans require a 15,000mile trans fluid change interval (quaker state tech bulletin T-2002) any vehicle rebuilt by Eagle Trans not changed within that interval will be determined to be neglect & possibly void the warranty.	none listed	1. All exchange units shall have a mandatory performance check & fluid & filter change at 15000 miles. Supplied by AAA Transworld Trans at our expense & at the convenience of the SO. 2. All units shall receive updates & modifications as needed to prolong the life of the trans. 3. Trans control module & main computer are not covered by warranty or damaged caused by their failure.	none listed	Section A & B reflect base prices plus Hard Parts. Though "Hard Parts" are specifically stated, it does include any electrical parts that may need replacing in certain transmissions. Section B -core prices are stated but could vary depending on market availability at the time. Sometimes in rare situations a new trans must be purchased.

NOTE 1: Bidder #7 stated in their bid "+ hard parts" on the unit prices and the extended prices under Section A. Had to correct the Total Bid Price Section A, as shown above.
